## Aquashow Family Park

---

### ABOUT

The Aquashow Park is the largest Water Park and Theme Park of Portugal, in Algarve, in Quarteira. We are open from 1st of May to 30th of September from 10.00 a.m., with different closing hours depending on the month. In the Water Park you will find the greatest diversity of slides for all ages where the whole family can enjoy together. Each year we always open new attractions and 2016 will be no exception, we will inaugurate a slide, unprecedented in Portugal, where you will enjoy new experiences (for people over 1.20 m of height) and for the little ones we will have multiple new slides that will awake a world of water sensations. If you like to test your limits and adrenaline to the maximum, you have to try the biggest Free Fall of Europe, inaugurated by the surfer Garrett McNamara. The entire family will be able to enjoy many moments at the Theme Park, one of them will be on the biggest Water Coaster of Europe, among other attractions that are waiting for you. At the disposal of those who visit us we have different services: snacks bars, lockers rental kiosks, souvenir shop and photo service. We want you to spend your vacation and unforgettable moments with us! Visit us at [www.aquashowparkhotel.com](http://www.aquashowparkhotel.com)
