
Algariate, Ld^ª.

ABOUT

Algariate Ld^ª. was founded in Portugal in the spring of 1991 as the official representative of Bavaria Yachtbau GmbH. The company provides a wide-ranging mobile and 24-hour a day service to our leasing clients in continental Portugal, Madeira and the Azores.

To meet growing client demand, we opened our service and sales office in the Cascais Marina, near Lisbon, in 2001. Vilamoura remains our key operational centre and company headquarters with activities focused on the marina with its over 1,000 anchorages.

Both the Vilamoura and Cascais marinas are home to yachts of all sizes serving as demonstration models as well as being for sale.
