## ABOUT

The Alentejo territory serves as a privileged stage for the "FITA - Alentejo International Theater Festival", which presents its 5th edition.

It was by the hand of the theater company "Lendias d'Encantar", in Beja, that this festival had its start in 2014. In its debut edition it was attended by national shows from all corners of the country, as well as by international theater companies from Uruguay, Colombia, Brazil, Cuba and Spain.

In 2019, FITA returns with even more strength and news: more shows for all ages, more concerts, workshops and conferences taking place between March 14th and 24th!

Start Date: 2019-03-14
