## ABOUT

Photo: Eating Algarve Food Tours

Eating Algarve Food Tours is a brand specialized in culinary activities, food and cultural tours through historic and delicious neighbourhoods of the Algarve. We are a team comprised of of Algarve natives, food lovers, passionate about good walks and dedicated to making your visit to the Algarve a fun and unforgettable experience!

Our Experiences are aimed at those who want to know the genuine Algarve. To achieve this goal, we have developed a combination of the regional enogastronomy and history in one service: tasting local ingredients, traditional dishes, drinks, activities and visits to millenary heritage.

We work closely and in collaboration with family businesses, local producers, local people, institutions and regional associations. We intend to contribute to the development of the touristic destination and brand of the Algarve, boost the economy and the local self-esteem.

We believe that the richness of our enogastronomy and heritage must be shared and recognized. Only an informed and passionate local resident can guide you through every nook and cranny used by locals - from the unmissable taverns to the best restaurants and places with stories to unravel about the Algarve.

Accept our invitation, come and discover the South of Portugal, where the sun reigns almost all year and time seems to slow down.
