Type of accommodation Local accommodation

Casa da Travessa is a carefully decorated and recently refurbished small building in the heart of Setúbal historic neighborhood Troino having the best location to visit Setubal without the need for a car. Completely refurbished in 2016, the building has two independent apartments both combining the authenticity of a traditional nineteenth century house with modern architecture.

The apartments were designed with one goal: make you feel like at home while visiting Setúbal and providing modern comfort within an authentic experience of a typical neighborhood.

The apartments feature an elegant bathroom with a walk-in shower and beautiful geometric floor tiles, an open plan living room with a fully equipped kitchenette and a must see patio or balcony where relaxing or having a glass of wine can be an amazing experience.

The interior space offers a special experience combining the traditional and contemporary architecture creating the perfect place to call home.

The space was designed taking attention to details presenting contemporary design solutions and the furniture was specially chosen, including vintage and refurbished pieces.
