## Núcleo museológico Favaios, Pão e Vinho

### ABOUT

This space interprets the history of Moscatel wine and Favaios bread, in an attempt to valorise local resources and tell us about the traditions and processes associated with these products. The Museum Centre occupies an 18th century building known locally as “The Obra”, part of the manor house of the Leite Ribeiro family, which was never completed, although Baroque decorative elements are discernible on the unfinished main façade.
