The Quinta is on the shores of Santa Clara Lake, one of the largest, warmest and cleanest freshwater lakes in Europe. It has amazing privacy and is set in unspoilt countryside 13 kms from Santa Clara, a small village nestling in the wild hills of the lower Alentejo. Though this is not a venue where there is a nightclub round the corner or English pubs down the road it's surprisingly easy to get to; it's only a little over an hour from Faro International Airport, (one of the cheapest in Europe), but seems a million miles away from the 'normal' world. There's a railway station only 15 minutes away, but once you're at the Quinta you could be forgiven for thinking you're on a desert island - there's absolutely no traffic noise .... or any noise at all come to think of it apart from the birds and bees! It's a place where you can truly relax and be yourself away from all the hurly burly and stress of a normal destination; it really is Paradise in Portugal!

To the Algarve summer, with sand in it's feet, we have added the daily routines of those who make this way of life a lifestyle, from gathering clams to baking bread to the harvesting and drying of fruits. We catch a ride on a traditional boat, practice birdwatching, support the local nature reserve, and when night falls we turn our verandas into a planetarium and watch the stars. When the body requires rest we surrender ourselves to wellness rituals, taking advantage of the natural properties of local olives, almonds, fleur de sel and algae. Some may call it a "vacation", we call it "culture".

Our secret: a family house opening its doors to tourism in an almost unknown land, facing the sea and in the heart of the Ria Formosa Natural Park, considered one of Portugal's seven wonders. We may sound biased if we say that from Casa Modesta you witness the best morning in all the Algarve, but from here we can watch the migration of birds, the practice of shellish gathering or the harvesting of salt, and everyday we are astonished by the small miracles that Nature performs.

In 2006 when the project No Tecto do Mundo started, the big motivation was already to associate touristic entertainment to the cultural and natural patrimony and exploring the communion with the region and everything that it can offer. Also of great importance to us is intensify the connection between the visitors and the locals, contributing to a more enriching and emotional experience. In every activity and experience we privilege the best that the region has to offer, like mountains, hills and valleys than allow us to discover a region rich in monuments and other points of interest, like theme parks where it is possible, a close contact with the native fauna and flora. The rivers and the sea allow us enriching activities and unique challenges, connected to fishing and pure leisure. There are also the mountains where you can trek by foot or in a four wheel vehicle with pure adrenaline. In the north of Portugal there is a lot to discover and to do. With No Tecto do Mundo you will have a team focused on a simple goal, to offer you memorable activities.
