The Quinta is on the shores of Santa Clara Lake, one of the largest, warmest and cleanest freshwater lakes in Europe. It has amazing privacy and is set in unspoilt countryside 13 kms from Santa Clara, a small village nestling in the wild hills of the lower Alentejo. Though this is not a venue where there is a nightclub round the corner or English pubs down the road it's surprisingly easy to get to; it's only a little over an hour from Faro International Airport, (one of the cheapest in Europe), but seems a million miles away from the 'normal' world. There's a railway station only 15 minutes away, but once you're at the Quinta you could be forgiven for thinking you're on a desert island - there's absolutely no traffic noise or any noise at all come to think of it apart from the birds and bees! It's a place where you can truly relax and be yourself away from all the hurly burly and stress of a normal destination; it really is Paradise in Portugal!

While activities are held nationwide, the company has particular experience of holding events along the Guadiana River and in the Algarve and hills of Alentejo. Ever since 1986, Riosul, Viagens e Turismo, Ldª. has provided its contribution to a pioneering project that seeks to organise environmental and adventure tours (in both four-wheel drive vehicles and by boat) to the Guadiana River and the inland Algarve region.

The product and service is not only different but also represents a clear alternative to the sun and beach package with which the Algarve has traditionally been connected.

To the Algarve summer, with sand in it's feet, we have added the daily routines of those who make this way of life a lifestyle, from gathering clams to baking bread to the harvesting and drying of fruits. We catch a ride on a traditional boat, practice birdwatching, support the local nature reserve, and when night falls we turn our verandas into a planetarium and watch the stars. When the body requires rest we surrender ourselves to wellness rituals, taking advantage of the natural properties of local olives, almonds, fleur de sel and algae. Some may call it a "vacation", we call it "culture".

Our secret: a family house opening its doors to tourism in an almost unknown land, facing the sea and in the heart of the Ria Formosa Natural Park, considered one of Portugal's seven wonders. We may sound biased if we say that from Casa Modesta you witness the best morning in all the Algarve, but from here we can watch the migration of birds, the practice of shellish gathering or the harvesting of salt, and everyday we are astonished by the small miracles that Nature performs.
