The true leisure has unique flavours. Breathes Nature, inspires itself of adventure and unique landscapes.

Sesimbra has a huge unrevealed environmental and cultural wealth. Less visited locals, refuge of varied Fauna and Flora, since the Coast up to the Mountain Range. Escarpments and old roads, passing from the sea species to the variety of bird species, so rich as rare. And so many legends, so much History, behind Fortresses and footprints of Dinosaur. Showing all this in a well balanced and amused way is the project of Vertente Natural.

With all logistic and security guaranteed, you just need to follow your journey, travel through contents, culture, beauty and calm. An invitation to relax created in a direct contact with Nature.

In 2006 when the project No Tecto do Mundo started, the big motivation was already to associate touristic entertainment to the cultural and natural patrimony and exploring the communion with the region and everything that it can offer. Also of great importance to us is intensify the connection between the visitors and the locals, contributing to a more enriching and emotional experience. In every activity and experience we privilege the best that the region has to offer, like mountains, hills and valleys than allow us to discover a region rich in monuments and other points of interest, like theme parks where it is possible, a close contact with the native fauna and flora. The rivers and the sea allow us enriching activities and unique challenges, connected to fishing and pure leisure. There are also the mountains where you can trek by foot or in a four wheel vehicle with pure adrenaline. In the north of Portugal there is a lot to discover and to do. With No Tecto do Mundo you will have a team focused on a simple goal, to offer you memorable activities.
