Casa do Cerro da Correia is a quaint local lodging situated a mere 3 kms from the town of Manteigas, in the Serra da Estrela Natural Park, and has a unique view over the Zêzere river Glacier Valley. All rooms are heated. Outside there is a patio, ideal for al fresco meals, and gardens which extend up to a pine forest, perfect for hiking or picnicking. Casa Cerro da Correia has a vegetable garden, with fresh produce, typical of mountain agriculture, and a young orchard.

Surrounded by pine, chestnut and oak forest, Casa Cerro da Correia is a quiet accommodation. Throughout the day you can hear the singing of different types of native birds of the Serra da Estrela Natural Park: hoops, crows, owls ... The garden has native species. The goal is to create a balanced ecosystem, refuse the use of invasive species, reduce water consumption and boost insect and bird food in the region. To do this, when we started designing the garden, we kept the plants that were already there, like carqueja, rosemary and other wild species. All the plants or trees that have been planted are species that exist in the Natural Park, like juniper, holly, lavender and milk thistle.

Three schist houses being restored at the village of Cunqueiros, in the municipality of Proença-a-Nova, form the Casas da Encosta project, where it's possible to relive the life, history and culture of the region's people, in the comfort of a typically Beirã village. According to the owner, Nuno Caldeira, houses are being restored following the local construction design where schist, clay and wood are privileged. One of them, Casa da Lagariça, has already opened doors in 2014 and can host up to six people, showing a unique regional tool, small press, in the living room. Those who come by can enjoy the region through pedestrian walks, get to know its river beaches and viewpoints, explore the Schist Villages and, of course, try the rich and varied gastronomy of traditional dishes such as Cabrito Estonado, Maranho and Bucho.
