Genuine holidays and privacy by the sea, in one of the quietest and discrete beaches of Portugal, it's what awaits you on Salema Beach Village by NAU Hotels & Resorts, in Algarve, located in Parque Natural do Sudoeste Alentejano and Costa Vicentina.

Just 500 meters away from the beach, the complex Salema Beach Village boasts a fantastic location in the small fishing village of Salema, at the county of Vila do Bispo. The village still remains genuine and far from the mass tourism of the Algarve coast, with their fishing traditions, narrow streets and whitewashed houses. The Salema Beach Village allows you to experience picturesque holidays in a secret Algarve with the comfort and hospitality that you deserve.

Here, privacy and sea views prevail, in a landscape that

illustrates the perfect holiday postcard with the blue sea contrasting with the white tones of the villas. Spend your days on the beach or if you prefer, relax by the pool.

Whatever your choice may be, one thing is for sure: the secrecy and authenticity of the village of Salema and Salema Beach Village will turn your holiday into a precious hidden treasure that you will want to uncover and repeat, stay after stay.

Salema Beach was voted one of the best secret beaches in the planet by US magazine "Travel&Leisure", specialized in travel and leisure, which highlighted its "genuine" and "non-massified" feature. Stroll along the beach promenade, lose yourself in the fine golden sandy beach or simply enjoy the singular beauty of the sunsets from the Salema Beach.

Situated near the medieval town of Óbidos, on the banks of the Lagoon, Bom Sucesso – Design Resort, Leisure & Golf represents the most ambitious project ever planned for a luxury tourist resort.

Built over an area covering 1 576 210 sqm, Bom Sucesso will contain 601 houses – both villas and townhouses – a hotel with a Spa, an 18 hole Championship golf course, an unparalleled range of facilities and a large ecological reserve.

It was developed as a model of excellence, with contemporary architecture as the cornerstone of its concept strategy. A group of highly qualified architects, both Portuguese and foreign, developed an innovative concept; contemporary architecture blended into the landscape. Twenty three Masters of Contemporary Architecture joined forces in order to create Bom Sucesso, on a single property but without neglecting the specificities of each project area.

The architects adhered to a set of rules that provide the formal unity of the project, but which simultaneously enabled them to follow their own original and specific objectives. Most important among these rules and vital for the originality of the resort, was that all rooftops should be covered in greenery and any walls should either be covered in greenery or else simply not exist at all.

With the highest standards of quality of life in mind, nothing was left to chance. This is a project tailored for the demanding consumer who appreciates contemporary architectural style, highly rated in the real-estate market and located in a privileged country – the sunniest in Europe – with good weather practically all year round and a people famous for their exceptional hospitality.

The final outcome is a Stimulating, Pioneering and Innovative project.
