Located in the Serra de São Mamede Natural Park, in Castelo de Vide, Quinta das Lavandas is a unique place in Portugal. The accommodation is located in a farm where lavender is the main protagonist, since there are planted 6 ha of Lavender. The main purpose of its cultivation is the elaboration of essential oils and floral waters, produced in the QL distillery, and the elaboration of traditional products resulting from the lavender derivatives. In the Lavander Garden you will be able to observe a great variety of lavenders of colors purple, pink and white.

For theme of the rooms we choose the flora existing in the farm. This is the result of a combination of rooms - 1 suite, 3 twin rooms and 3 double rooms, some with private terrace - equipped with satellite TV, air conditioning, private bathroom and wi-fi. The ambience of the rooms develops around original decorative pieces and paintings by Portuguese painters that give it a touch of uniqueness. All rooms have views, some for the lavender fields, others for the gardens or for the rocky outcrops, which are one of the other marks in the farm landscape. In the environment of the farm is still possible to observe a huge variety of birds, native fauna. In the morning, the chirping of birds, combined with the fragrance of lavenders, is an exciting experience.

Casas de Pedra is a small tourist complex located in Camacha, Madeira, offering 3 country houses: The Azalea, The Camellia and The Magnolia. All are carefully retrieved from former stables, which nevertheless retain traces of its original architecture in basalt stone.

At Casas de Pedra you can enjoy a rural atmosphere with all the facilities of a hotel. In your stay you can enjoy services included as breakfast, daily cleaning of your house, towels and all necessary linens, laundry, air conditioned, food for your dogs, firewood included for your fireplace, among others. Our houses have a license of Agroturism, so if you love flowers and nature this experience it's perfect for you! Activities in the garden are also included in the stay.

The area is surrounded by a large and beautiful garden with 5000 m², full of exotic plants from temperate climates. During the Winter season and Spring Camellias, Magnolias and Azaleas are blooming. In April/May Rhododendrons are at their maximum splendour. These buildings are integrated in the same area as the main house, and are owned by a local and traditional family of surgeons who reside there through the year.
