Pé no Monte is only 10 Km from some of Portugal's finest beaches such as Zambujeira do Mar and Carvalhal, and is the perfect spot to rest in the peacefulness of the countryside, while exploring the Southwest Alentejo and Vicentine Coast. You'll find a design hotel set in a typical traditional Alentejo farmhouse (Monte) extended with a cutting-edge modern extension where the rooms are located.

The country house hotel is located near the village of São Teotónio. In a 10ha estate this unit was born out of the passion of Helena and Gonçalo for the Alentejo coast which made them invest in rural tourism in a family and cozy environment. The minimalist modern architecture blends in very well with the rural surroundings.

Set on a small piece of paradise 15 minutes away from beautiful beaches, very close to Santiago do Cacém and perfectly integrated in the landscape, you can find Tons da Terra Rural Tourism, which offers six double rooms with terrace, large outdoor spaces and all the amenities necessary to make it the ideal refuge to rest and dive into a magical and unique tranquility.

Herdade da matinha, a family estate covering 110 hectares, lies 3kms from the village of cercal, on Portugal's unspoilt Alentejo coast.

The estate lays amongst picturesque hills and valleys where silence is golden, only occasionally interrupted by overflying birds and grazing wildlife.

The houses on the estate are converted farmers' buildings and barns.

In all, there are 20 rooms, all individually designed and tastefully decorated.

For the more active, the lush and green countryside is perfect for gentle strolls and rambling. Matinha also has a stable with 8 horses on which guests can amble through Mediterranean woodland to the nearby beaches. Many of our friends opt to take a picnic hamper along too, prepared by our kitchen staff.

Once back at Matinha, there are classes in yoga and pilates, and body massages for those who love feeling pampered.

Matinha is also a stone's throw away from Rota Vicentina, a total 350 kms of footpaths of breath-taking beauty, where one feels completely at one with nature. This is a walker's and cyclists' paradise, as it is for birdwatchers.

Also along the way is the fishing village of Porto Covo, the coastal village of Vila Nova de Milfontes, and for the more intrepid, Carrapateira and Sagres further south.

Beach-lovers have got easy access to the expanses of nearby Malhão and Aívedos, with miles of coastline, great surfing and clean seawater (much better and healthier than the Mediterranean sea).

Late in the day, after a shower and getting ready, there is the pinnacle that makes Matinha what it is. The gastronomy. All food is locally sourced and homemade, and the wine list includes some of the best Portugal has to offer at very reasonable prices. The atmosphere is informal and friendly, the music very chilled, and the meals exquisite. Some dinners at Matinha have been known to start at 20h and only finish after 2 a.m.

Herdade da Matinha is the authentic Alentejo experience. The author of this text knows; I have been visiting Matinha for the past 12 years and I have fallen in love with it.

And so will you.

HOUSE

Our door is always open to welcome those who arrive with the same joy with which we would run to our grandparents arms when we were little. Our grandfather, an "old sea dog", Joaquim Modesto de Brito, known to all as "the champ", was the foundation of this project. So many memories inhabit these walls and grounds that we, the grandchildren, couldn't allow them to get lost. This is how Casa Modesta was born, combining rural tourism with a contemporary feel, manifested in nine rooms with private patios. There is also a garden with a section for organically grown vegetables and a solarium where time flows with the tides.

EXPERIENCES

To the Algarve summer, with sand in its feet, we have added the daily routines of those who make this way of life a lifestyle, from gathering clams to baking bread to the harvesting and drying of fruits. We catch a ride on a traditional boat, practice birdwatching, support the local nature reserve, and when night falls we turn our verandas into a planetarium and watch the stars. When the body requires rest we surrender ourselves to wellness rituals, taking advantage of the natural properties of local oliver, almonds, fleur de sel and algae. Some may call it a "vacation", we call it "culture".

PLACE

Our secret: a family house opening its doors to tourism in an almost unknown land, facing the sea and in the heart of the Ria Formosa Natural Park, considered one of Portugal's seven wonders. We may sound biased if we say that from Casa Modesta you witness the best morning in all the Algarve, but from here we can watch the migration of birds, the practice of shellfish gathering or the harvesting of salt, and everyday we are astonished by the small miracles that Nature performs.

ARCHITECTURE

From the ground up we built a house using the traditional knowledge and architectural culture, the local people and

materials. In the Casa Chã, we translated ancestral legacies to a contemporary language, creating and feeding social and economical dynamics connected to local art and crafts. Cemented in the memory of family and place, PAR consolidated this project in the Casa Modesta prototype.

Quinta de Santo António do Cardal is a rural property of the XIX century, located on the left bank of the Mondego River, upstream from its mouth, with the city of Figueira da Foz on the horizon.

In addition to their main business, agriculture (production of wine, olive oil, cereals, fruit and cork), served as a retreat for leisure owners and friends, using much of the local population. As a reference in the region, contains political secrets kept by time.

Recently restored, it meets the tourist function, allowing guests to enjoy a unique landscape that breathes peace.

The house is located on a property of about 10 hectares, lined by oaks, cedars, pines, olive trees and trees fruit, where water furrows the land between vegetation and stones. Freedom of paths that run allows you to enjoy beautiful walks or outdoor sports.

It offers spaces where you can organize business or leisure events, receive your friends or gather your family.

Quinta dos Moinhos de S. Filipe is located in Setúbal, 27.5 miles away from Lisbon. It is served by two highways, A2 and A12, which lead to 25 de Abril bridge and Vasco da Gama bridge, respectively.

Located on the slope of Serra da Arrábida, the view from Quinta dos Moinhos de S. Filipe is dazzling, with the mouth of River Sado, its meeting with the Atlantic Ocean and all the life which thrives in both as its natural background.

During the day, this scenery is speckled here and there by all sorts of boats, from large ships being towed in and out of the harbour to little sail or fishing boats. Occasionally, one might catch a glimpse of dolphins. By night, a blanket of little twinkling city lights, spreading from the castle over Setúbal and across the river to Tróia peninsula, makes us feel like we're living in a Sherazade's "One thousand and one nights" tale.
