### ABOUT

#### Clean&Safe

**Considering the widespread concern in the resumption of economic and social activity as soon as the evolution of the COVID-19 pandemic allows, Turismo de Portugal created a “Clean and Safe” seal of approval to distinguish tourist activities which are compliant with hygiene and cleaning requirements for the prevention and control of COVID-19 and other possible infections.**

As of April 24, tourism enterprises, tourist entertainment companies and travel agencies, companies that have an official registration with the National Tourist Authority, will be able to request certification as a **“Clean and Safe”** establishment. After companies have submitted the Declaration of Commitment, they can publicise the “Clean and Safe” seal, either physically on their premises or in their digital platforms.

With this measure, **Turismo de Portugal intends to inform companies on the hygiene requirements and cleaning measures to ensure the safety of various establishments, according to the recommendations of the DGS - Directorate-General for Health**, as well as promoting **Portugal as a safe destination** from the point of view of care with the spread of the Virus, reinforcing the confidence of those who visit the country.

This validation is free and optional and is valid for one year. It will require the implementation of an internal protocol that will ensure the necessary hygiene measures to avoid risks of contagion and guarantee safe procedures for the operation of tourist activities.

In the event of a suspected case there will always be an employee responsible for following the necessary procedures (including escorting the person to the isolation area and providing the necessary medical assistance). It will also be assured the contact with Directorate General for Health and in accordance with its recommendations, the isolation area will always be decontaminated after a positive or suspected case of infection, in particular, frequently touched surfaces.

Turismo de Portugal, in coordination with the competent entities, will carry out audits of establishments that join this “Clean and Safe” initiative.
