To learn more, click on "[About Portugal / Useful Information](#)" (in the menu at the top of this page) and choose the "Health" option or consult the Portuguese [National Health Service](#).

You can also consult the European Union's website - <https://reopen.europa.eu> - where you will find information for each country on borders, available means of transport, travel restrictions, public health and safety measures and other practical information for travellers.

To find out what travel is permitted and the restrictions on air traffic to and from Portugal you should consult the measures implemented to date, available at www.visitportugal.com/en/node/421175.
